<b>SECTION 4: First Aid Measures</b>	
<b>4A: Inhalation</b>	No adverse effects expected- normal use of product does not produce odors or vapors.
<b>4B: Skin</b>	Wash with soap and water - seek medical attention if a rash develops.
<b>4C: Eye contact</b>	Wash immediately with water- seek attention if discomfort continues.
<b>4D: Ingestion</b>	No adverse effects expected for small amounts, larger amounts can cause stomach irritation. Seek medical attention if discomfort occurs.

<b>SECTION 5: Fire Fighting Measures</b>	
<b>5A: Flammability</b>	NFPA Fire rating = 1
<b>5B: Extinguishing media</b>	Water, CO <sub>2</sub> , foam, dry powder

<b>5E: Combustion Products</b>	Carbon oxides and other toxic gasses and vapors.
<b>5F: Unusual Hazards</b>	Product is not combustible until moisture is removed. Carbon begins to burn at approximately 230° C. Auto ignition can occur above 500° C.

<b>SECTION 6: Accidental Release Measures</b>	
<b>6A: Personal Precautions</b>	Keep people away, spilled resin can be a slipping hazard, wear gloves and safety glasses to minimize skin or eye contact.
<b>6B: Incompatible Chemicals</b>	Strong oxidants can create risk of combustion products similar to burning, exposure to strong bases can cause a rapid temperature increase.
<b>6C: Environmental Precautions</b>	Keep out of public sewers and waterways.
<b>6D: Containment Materials</b>	Use plastic or paper containers, unlined metal containers not recommended.
<b>6E: Methods of Clean-up</b>	Sweep up material and transfer to containers.

<b>SECTION 7: Handling and Storage</b>	
<b>7A: Handling</b>	Avoid prolonged skin contact. Avoid contact with salts or with salty water to prevent premature exhaustion of the resin. Keep resin moist and avoid allowing resin to completely dry.
<b>7B: Storage</b>	Store in a cool dry place (0° to 45° C) in the original shipping container. This product is thermally sensitive and will have reduced shelf life if subjected to extended periods of time at temperatures exceeding 50° C. Although freezing does not usually damage ion exchange resins, avoid repeated freeze thaw cycles.

<b>SECTION 8: Exposure Controls/Personal Protection</b>	
<b>8A: Personal Precautions</b>	None noted.
<b>8B: Incompatible Chemicals</b>	Provide adequate ventilation.
<b>8C: Personal Protection Measures</b>	Eye Protection- Safety glasses or goggles. Respiratory Protection - Not required for normal use. Protective Gloves - Not required for limited exposure but recommended for extended contact.
